

Yi-Ning Wu

niniwu1207@gmail.com | (858) 396-4303 | San Diego, CA | linkedin.com/in/yi-ning

EDUCATION

UC San Diego

B.S. in Data Science, Minor in Finance

- GPA: 3.4

Started:
September 2024
Expected Graduation:
June 2028

RELEVANT EXPERIENCE

Technical & Data Analysis Experience

- Applied Python and Pandas to clean, transform, and analyze real-world datasets
- Performed exploratory data analysis, statistical testing, and data visualization to identify patterns and trends
- Built and evaluated machine learning models using Scikit-Learn for predictive analysis
- Applied statistical and quantitative methods to interpret data and support data-driven decision making
- Developed foundational knowledge in finance, including investment analysis, risk and return, and financial markets

PROJECTS

Spotify Music Analysis Project

niniwu1207-cmd.github.io/spotify-popularity-analysis/

- Python · Pandas · Scikit-learn
- GitHub / Live Project
- Analyzed Spotify track features using Python and Pandas to identify factors associated with song popularity
- Conducted exploratory data analysis and permutation tests across audio features and genres
- Built regression models using Scikit-learn pipelines and feature engineering to predict track popularity
- Tuned and evaluated model performance using cross-validation and GridSearchCV

TECHNICAL SKILLS

- Programming: Python, SQL
- Libraries: Pandas, NumPy, Scikit-learn, Matplotlib
- Data Science: EDA, Data Cleaning, Statistical Analysis, Regression, Classification, Model Evaluation
- Finance: Financial Markets, Investment Analysis, Risk & Return
- Languages: Mandarin Chinese (Native), English (Fluent), Taiwanese (Fluent)
